The Near Future

Over the next few weeks, until we are able safely to worship together inside our sanctuary, we will be on the front lawn for those able to do that, and in the parking lot for those whose health conditions lead them to stay inside their cars either listening to the loudspeakers or on car radio FM 89.1. In case of rainy and or stormy weather our first choice will be a drive-in situation with the service broadcast at 89.1 FM on your car radio. If too stormy I will record the message and upload it to YouTube as we have done in the past.

Livestream had a problem for the May 17th service, the problem was YouTube's. They had a system overload because so many churches attempted to use their services at the same time. We will not depend solely on that service again.

We do not know what the future holds, but, as you've heard before, we know Who holds the Future.

Blessings, Pastor Bill
